## Education and Certifications

---

**BSc (Hons) Computer Science** | Sheffield Hallam University

Sep 2024 –

Present

- **Expected Grade: First**
- Courses: Data Structures and Algorithms, Software Engineering, Computer Architecture, Database and Web Design, Fundamentals of Mathematics in Computer Architecture

**A Levels** | Chapeltown Academy Sheffield

Dec 2022 – Jun 2024

- Mathematics (**A**)
- Biology (**A**) (Passed Practical Components)
- Chemistry (**B**) (Passed Practical Components)

**IGCSEs** | Bright Future International School

Sept 2019 – Jun 2022

- Mathematics Higher Tier (9)
- English as a Second Language (9)
- Physics (9)
- Biology (9)
- Chemistry (9)

**IELTS**

- Overall Band Score: 8

## Work Experience

---

**Web Development and IT Intern at ProForce Security | Wordpress**

Dec 2023 – Feb 2024

- Assisted in maintaining and **modernizing the company's WordPress-based website by improving UI and animations**
- **Provided technical support** for internal IT systems and employees, such as troubleshooting software and hardware issues **reducing internal down time and improving IT efficiency**

## Projects

---

**EpochAI | Python, Docker, Flask, React, PostgreSQL, AWS, HTML, Tailwind**

Jun 2025 – Present

- Built a **scalable data pipeline processing 3M+ words** and polling records with automated collection/cleaning
- **Created an LLM-based AI with ML model integrations** for political predictions
- Made **Bayesian ML model tools** for the LLMs with uncertainty quantifications
- Developed a **modular backend with unit testing, CI/CD and deployment pipelines**

## Leadership Experience

---

## Team Leader of LuckyNest | University Group Project for External Client

Feb 2025 – April 2025

- **Led a team of 5** in the creation of a fully functional guest management system using **HTML, CSS, PHP, and MySQL**.
- **Drove 100% of technical strategy and execution**, including the integration of **Stripe API for online payments** and **Two-Factor Authentication**
- **External client chose our project as the best solution** out of 6 teams assigned to them; **our project was showcased** at the university's Computer Science Project Showcase

## Technical Skills

---

- **Developer Tools:** Postman, Docker, Git/GitHub
- **Languages:** Python, JavaScript, C++, C#, C, Assembly, SQL, PHP, HTML, CSS
- **Libraries/Frameworks:** React, Node.js, Flask
- **Database:** PostgreSQL, MySQL, SQLite
- **Cloud:** AWS
